

KUNJUNGAN BPSDMI JAKARTA KE PT PANCAPRIMA EKABROTHERS

Tangerang, 21 November 2025 – Pada 21 November 2025, Badan Pengembangan Sumber Daya Manusia Industri (BPSDMI) Balai Diklat Industri Jakarta, Kementerian Perindustrian, melakukan kunjungan perusahaan ke PT Pancaprima Ekabrothers (PPEB) di Tangerang. Kunjungan ini dimaksudkan untuk melihat langsung praktik terbaik transformasi industri 4.0 di lapangan, terutama karena PPEB adalah penerima penghargaan *National Lighthouse Industry 4.0* dari Kemenperin pada 2024, sebuah capaian yang menempatkan perusahaan sebagai pelopor digitalisasi di sektor manufaktur.

Sebagai *lighthouse*, PPEB menjadi contoh nyata bagaimana teknologi seperti real-time monitoring, sistem pelacakan berbasis RFID, dan digital dashboard diterapkan secara menyeluruh untuk meningkatkan efisiensi dan transparansi produksi. Selama tur pabrik, rombongan menyaksikan langsung alur kerja cerdas dari proses pemotongan, assembling, hingga laboratorium yang dikendalikan dengan dukungan data digital yang akurat dan responsif.

Kunjungan ini menguatkan kolaborasi antara pemerintah dan pelaku industri, sekaligus menjadi inspirasi nyata bahwa transformasi digital bisa dilakukan. Dengan belajar dari lighthouse seperti PPEB, diharapkan lebih banyak perusahaan bisa menyusul, dan SDM industri Indonesia semakin siap menghadapi masa depan manufaktur yang cerdas dan berkelanjutan.

BPSDMI JAKARTA VISIT TO PT PANCAPRIMA EKABROTHERS

Tangerang, November 21, 2025 – On November 21, 2025, the Human Resources Development Agency for Industry (BPSDMI) from Balai Diklat Industri Jakarta, Ministry of Industry, conducted a company visit to PT Pancaprima Ekabrothers (PPEB) in Tangerang. The visit aimed to observe firsthand the best practices of Industry 4.0 transformation in the field, particularly as PPEB is the recipient of the National Lighthouse Industry 4.0 award from the Ministry of Industry in 2024, a recognition that

positions the company as a pioneer in digitalization within the manufacturing sector.

As a lighthouse company, PPEB serves as a tangible example of how technologies such as real-time monitoring, RFID-based tracking systems, and digital dashboards are comprehensively implemented to enhance production efficiency and transparency. During the factory tour, the delegation witnessed the intelligent workflow from cutting, assembling, to the laboratory processes, all managed with accurate and responsive digital data support.

This visit reinforced collaboration between the government and industry players, while also providing a real-life inspiration that digital transformation is achievable. By learning from lighthouse companies like PPEB, it is hoped that more enterprises will follow suit, and Indonesia's industrial workforce will become increasingly ready for a smart and sustainable manufacturing future.
